

Wellbeing

Over the year we will be covering the **Child Protection Curriculum**, it has two main themes - We all have the right to be safe and We can help ourselves to be safe by talking to people we trust. In term one the focus areas will include; feelings, the right to be safe, risk taking, trust networks and warning signs.

As a school we follow 'The Great Dream' which encompasses strategies for wellbeing and successes in life. This also incorporates establishing classroom expectations, A & B choices, Bucket Filling, and Friendology.

Italiano with Signora Selina

This term our unit of work is **Ecco la mia famiglia** (Here is my family). Our story is **Il Pappagallo e` scappato** (The parrot has escaped)

Students will:

- Write a Mother's day card in Italian using the language structure of a greeting card
- Respond to classroom routines and instructions using gestures, movement and modelled language
- Name family members and give descriptive information
- Recognise and reproduce Italian letters and sounds

Physical Education with Joe

The Physical Education program delivers 1 lesson a week for each Year 1 class.

In term 2 the PE program will continue to work on fundamental movement skills (**FMS**) and **ball control** in particular with a major focus on **kicking skills** whilst demonstrating turn-taking and sharing of equipment.

Students will also be exploring and identifying the positive feelings they experience when participating in physical activity.

At the start of Term 2 our Year 1 students will also be participating in our annual **Sports Day** held on Norwood Oval on Friday 3rd May (Week 1). This will involve students competing in various Tabloid Events and activities, focusing on maximum participation and enjoyment.

Performing Arts with Anna

This term we have a strong focus on Media Arts.

During the term we will:

- Experiment and safely use iPads and apps to capture still and moving images
- Arrange our ideas to make a photo story using captions and audio to enhance meaning.
- Present and refine a media artwork to share stories.
- Identifying what makes images suitable to keep or delete.

Technology with Matt

Students will initially be revisiting design thinking with a focus on ideation. Following this we will be learning about materials properties and uses.

Ideation

Ideation is the process of generating, combining, and developing ideas as part of the design thinking process. Students will be ideating solutions to a number of identified problems including how to design a car that will win the Wacky Races.

Materials technologies

People use different materials for different purposes. Students will select suitable materials and design a solution to identified needs.
